

CASE STUDY

Overview

- Where do we come from?
- What is happening at present?
- Where do we hope to be?

History of King's Hope

- Olievenhoutbosch - Centurion
- Established in 2002
- Advance Kingdom of God in practical way
- Food Provision to holistic, integrated Health Care Services

Current Programmes

- Home Based Care (HBC)
- People living with HIV/Aids (PLHIV)
- HIV Counselling and Testing (HCT)
- High Transmission Areas Education (HTA)

Current Programmes continue

- Orphans and Vulnerable Children (OVC)
- Psycho/Social Care
- Spiritual Care
- Food
Production/Provision

Focus before re engineering

- Patient driven
- Treatment support
- Palliative Care

Focus after re engineering

- Household driven
- Prevention
- Promotion
- Treatment Support
- Palliative Care

Progress with implementation

- Information session - community
- Appointment of Health Post Manager
- Information gathering
- Orientation whole team

Progress continued

- Resistance! (not planned?)
- Monitoring and Evaluation
- Health Assessment tool
- Re aligning of strategic and operational plans

Challenges encountered

- Uncertainties
- Resistance to change
- Approach to NGO management
- Roles, responsibilities of Health Post manager
- Role, scope of practice CHW
- Local clinic – under staffed

Conclusion

- Nightmare?
- Dream!

Thank you
